

Our Curriculum

God-Focused

We believe the Bible to be God's self-revelation, the Word that shows His glory, grace, and love. Therefore, we write our curricula to magnify His majesty, His works, and His nature.

For each passage of Scripture, we look for the ways that God reveals Himself, and then we study how His message shines through context, culture, language, and application. We challenge students first to stand in awe of God, to know and love Him, for that is the first step of any true change in character.

Biblically Grounded

Lectures and textbooks only go so far. If we want students to feel at home in the Word—to build a relationship with its Author—we must encourage them to dive deep and seek God on their own. When students open one of our books, they should find an engaging companion to their Bible, with exercises that reinforce the discipline to explore, understand, and live the gospel of Christ, by the Spirit's grace.

2nd Grade

Finding God's Promises

This study teaches that when God gives a command, He also provides a promise. Blessing can follow obedience as God graciously fulfills His Word. Students will study the life of Moses through the Book of Exodus, witnessing the tribulations and victories of the Israelites as they learn to trust God.
